The screenshot shows a video player on the left displaying a flight simulator interface with a map of the National Airspace System. The video player has a volume icon and a 'Mark As Complete' button. To the right of the video player is a sidebar with the course title 'Chapter 6 : National Airspace System' and '1 Lesson'. Below the title is a progress bar for 'Lecture 1 : National Airspace System' and a 'Next Module' button. Below the video player is a section for 'Lecture 1 : National Airspace System' with a sub-section 'Chapter 6 : National Airspace System'. The text below reads: 'This updated lecture provides an in-depth exploration of the various types of airspace within the National Airspace System. We'll cover controlled and uncontrolled airspace, special use airspace, and airspace classes, focusing on the rules and regulations that pilots must follow to ensure safe operations in each type.' To the right of this text is a 'Downloads' section with two items: 'National Airspace System' and 'Chapter 12: Workbook Questions'.
